DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. 1/3. PRIORITY NATIONAL INTELLIGENCE OBJECTIVES

QUARTERLY SUPPLEMENT 1 (Effective 1 July 1964)

FOREWORD

DCID No. 1/3, revised annually, is intended to serve as a stable basis for long-term intelligence planning by identifying critical intelligence problems deemed likely to persist over a period of five years or so. Such guidance must necessarily be expressed in relatively broad terms.

The purpose of this Quarterly Supplement is to provide more current; and specifice guidance within the context of DCIO No. 1/3, by calling attention to situations which, within the next six months or so, may require some adjustment of present intelligence attention and coverage. The Supplement is intended to guide short-term intelligence planning by anticipating changes in specific situations which may justify either some reduction or some augmentation of effort.

It is not the function of this Supplement to present a complete listing of all matters of intelligence interest. Like DCID No. 1/3 itself, the Supplement presupposes that the bulk of the intelligence required for the formulation and execution of national security policy will be the product of normal coverage pursuant to DCID No. 1/2.

This Supplement will be superseded by another in October 1964.
